ECs van **ECs behaald, waarvan:**
ECs behaald in Extra gevolgd onderwijs

Voe: VPMC Engels	
Doelstelling	At the end of this course students will have reached B2 level of Business English in Listening and Reading, which is needed in the University of Twente Business Administration Pre-master.
VOE Inhoud	Students will practice Business English Reading and Listening at B2 level, interspersed with speaking with each other about the business topic at hand. This course consists of six 1.45-hour tutorials in which students will actively work on their English skills, either individually or in small groups. The course is to prepare students for the pre-master of Business Administration at the University of Twente and aims to bring students to a Business English B2 level. The focus of this course is Business English Listening and Reading. These two skills will be complemented with some Business English Grammar, Vocabulary, Speaking and Writing Practice. Students will be assessed by means of a Business English Listening and Reading test at B2 level. Students will both work from a book and from materials handed out in the class room. A substantial proportion of the work will need to be done at home.
